ALLAH vs "The Learned Scholars"

The top "Muslim Scholars," including Sheikh Al-Azhar, Mecca's Imam, etc. met in Chicago October 7 & 8 to discuss "Finality of Prophethood, and the significance of Hadith." Their objective is stated in the Quran: to distort the word of God, and confuse the Muslim masses with regard to the definitions of "Prophet" (Nabi) and "Messenger" (Rasool) [5:41]. They have set up their religious leaders & scholars as gods instead of God. 9:31

No one disputes the fact that Muhammad was God's final prophet. The definitions of "Prophet" (Nabi) and "Messenger" (Rasool) are very clearly stated by Almighty God in the Quran, 3:81:

Recall that God made a covenant with the prophets (Naabis): "I will give you the scripture and wisdom."

Thus, a prophet is given a scripture to deliver. Simple enough?

Afterwards, a messenger (Rasool) will come to you, confirming what you have delivered.

Thus, clearly a messenger (Rasool) confirms existing scripture; he does not bring a new scripture.

THE BIG LIE

Another objective of the "Muslim Scholars" is to distort the word of God and fool the Muslims by telling them that the Prophet Muhammad was not only the final prophet (Nabi), but also the final messenger (Rasool). Are we going to believe God and His final prophet, or shall we believe "the Muslim Scholars?"

WHO DO YOU BELIEVE?

God tells us, through His final prophet, that Muhammad was the final prophet, but NOT the final messenger:

Muhammad was not the father of any of your men; he was a messenger of God, and the final prophet. 33:40

If the "Final Prophet" also means the "Final Messenger" as they would like us to believe, why did God describe Muhammad as "a messenger of God (Rasool Allah), and the final prophet?!!" It would have been sufficient to describe him as "the final prophet." No where in the Quran do we see "the final messenger" (Khatum Al-Mursaleen).

THE FRIGHTENED SCHOLARS

Just like the Jewish scholars who opposed Jesus, and the Christian scholars who opposed Muhammad, the Muslim scholars are opposing the Quran. They are afraid of the inevitable appearance of God's Messenger of the Covenant, clearly prophesied in the Quran 3:81 and 33:7. But God's truth shall overtake the world.

WHO IS YOUR GOD?

The Quran warns us against worshipping our scholars instead of God:

They have taken their religious leaders as gods instead of God. 9:31

How would we worship the scholars instead of God? By choosing the scholars' opinion instead of God's truth.

THE TRUTH IS CLEAR AND FALSEHOOD IS CLEAR

God has sent down the best Hadith; an Arabic Quran that is perfectly clear, without any ambiguity. 39:23, 28

In which Hadith, other than God and His revelations, do they believe in? 45:6

THEY FIGHT GOD'S MIRACLE!

God Himself has stated in 74:25-35 that the number "19" will prove to the world that the Quran is God's message to the world. Ask the "Muslim Scholars," why do they fight God's 19-based miracle so ferociously?!!

TRUTH PREVAILS (17:81, 21:18)

No one questions the fact that the Prophet Muhammad was the final prophet (Nabi) [33:40]. But the Quran, God's word that came to us through the Prophet Muhammad, clearly tells us that Muhammad was NOT the final messenger (Rasool). Another major distortion the top "Muslim Scholars" are trying to jam down the throats of Muslims is THE BIG LIE, that the Prophet Muhammad was also the final messenger.

They Fight God and His Final Prophet:

GOD SAYS: "19" PROVES THAT THE QURAN IS MY MESSAGE.

MUSLIM SCHOLARS SAY: "COINCIDENCE; OLD TALES!!"

THIS IS WHAT GOD SAYS

The disbelievers would look at the Quran, then decide that it is not from God. They would say:

This is human-made. 74:25

The answer to the disbelievers' claim is the number "19":

On it is Nineteen. 74:30

All Quranic numbers are defined – forty nights, seven heavens, four months, etc. – except for the number "8" in 69:17 and the number "19" in 74:30. This indicates that "19" is purely mathematical. Specifically, Almighty God gives us a list of functions of the number "19" (74:31). This is what "19" will do:

- [1] Disturb the disbelievers.
- [2] Establish certainty in the hearts of the believers, the Jews, and the Christians, concerning the divine origin of the Quran.
- [3] Strengthen the faith of the faithful.
- [4] Remove all doubt from the hearts of the believers, and the Jews, and the Christians.
- [5] Expose the hypocrites and the disbelievers who say with their lips that they are believers; they will not accept the 19-based miracle. 74:31

After stating an awesome oath – "By the moon, by the night as passes, and the morning as it shines" – our Creator tells us:

This is one of the great miracles. 74:35

THIS IS WHAT THE "SCHOLARS" SAY: "19" are the guardians of Hell.

The question to the Muslim scholars who reject God's miracle is: "Why will the 19 guardians of Hell "disturb the disbelievers, establish certainty in the hearts of people, strengthen the faith of the faithful, remove all doubt from the people's hearts, and expose the hypocrites" as we see in 74:31 above?"

A FEW SIMPLE FACTS

With the "19" of 74:25-35 in mind, let us look at a few of the Miracle's Simple Facts (one-millionth of the Miracle).

[1] The first verse consists of 19 letters, [2] the number of suras is 114 (19x6), [3] the number of verses is 6346 (19x334), [4] the famous first revelation consist of 19 words and 76 (19x4) letters, [5] the last revelation (Sura 110) consists of 19 words, [6] the first revelation is placed atop the last 19 suras of the Quran, [7] the first revelation (Sura 96) consists of 19 verses and 304 letters (19x16), [8] we find 19 suras between the missing Basmalah (Sura 9) and the extra Basmalah (Sura 27), [9] the numbers mentioned in the Quran add up to a total of 162146, or 19x8534, and [10] if you write down every sura number followed by every verse number, you end up with a very long number consisting of 12692 digits – both the number of digits and the very long number itself are multiples of 19.

THEY CAN'T SEE THE MIRACLE

The "learned Muslim scholars" believe that these overwhelming "19's" are perfectly normal in any book!!!

Furthermore, to help them pretend that these miraculous phenomena do not exist, they deny their own respected sources. Despite the unanimous reports by their legendary scholars (Razy, Qurtuby, etc.) that the Basmalah consists of 19 letters – a very simple and very obvious physical fact – the Muslim scholars declared their pitiful ignorance. They declared that they do not know how many letters there are in the Basmalah!!! They now say that the Basmalah consists of either 18, or 21, or 22 letters – they do not know. They know for sure that it is not 19!

WOULD YOU TRUST "SCHOLARS" WHO DO NOT EVEN KNOW THE FIRST VERSE OF QURAN?

The "learned Muslim Scholars" who met in Chicago October 7 & 8, including Shaykh Al-Azhar, Mecca's Imam, the head of the World Muslim League, and many top leaders from India and Pakistan, have admitted their ignorance regarding the number of letters in the first verse of the Quran. They disagree on whether it consists of 18, 21, or 22 letters!! Can you trust them to teach you the other verses of the Quran? Can you? Read 17:45-46 and 18:57.

Proof that Hadith & Sunna are Satanic Innovations

Shall we believe God and His Final Prophet?
Or, shall we believe the "Muslim Scholars" ?!

تِلْكَ آيَاتُ اللَّهِ نَتْلُوهَا عَلَيْكَ بِالْحَقِّ قَائِلِي حَدِيثٍ بَعَثَ اللَّهُ وَهَآئِنِيهِ يَوْمَئِذٍ يُؤْمِنُونَ ﴿٦﴾

These are God's revelations that we recite to you, bearing the truth.
Which Hadith, beside God and His revelations do they believe in? 45:6

وَأُوحِيَ إِلَيَّ هَٰذَا الْقُرْآنُ لِأُنذِرَكُمْ بِهِ وَمَنْ بَلَغَ

Proclaim (O Muhammad), "What better witness do you want?" Say, "God is the witness between me and you, that THIS QURAN was given to me to deliver to you and to the future generations. 6:19

وَمَوَدَّةِ اللَّهِ أَتَزَلُ إِلَيْكَ الْكِتَابَ مُفَصَّلًا

Shall I seek other than God as a source of law, when He sent down to you this book FULLY DETAILED? 6:114

فَذَكِّرْ بِالْقُرْآنِ أَنْ مَنِ يخَافُ وَعِيدِ ﴿١٥﴾

You shall remind – with the Quran – those who reverence My promise. 50:45
(He did not say "with the Quran & Hadith")

وَإِذَا ذَكَرْتَ رَبَّكَ فِي الْقُرْآنِ وَحْدَهُ، وَلَوْ عَلَيَّ آدْبَرِهِمْ نُفُورًا

When you read the Quran, we place between you and those who do not believe in the Hereafter an invisible barrier....and when you preach your Lord, using the QURAN ALONE, they run away in aversion. 17:45-46

وَمِنَ النَّاسِ مَنْ يَشْتَرِي لَهْوَ الْحَدِيثِ

There are those who use vain Hadith to mislead the people, who possess no knowledge. 31:6

يَرْبِي إِنْ قَوْمِي أَخَذُوا هَٰذَا الْقُرْآنَ مَهْجُورًا ﴿٢٠﴾

(On the Day of Judgment) the Messenger will say, "My Lord, my people have deserted this Quran." 25:30
(He did not say "Quran and Sunna.")

LET US USE OUR BRAINS

Let us look at "the most authentic Hadith;" one that was supposedly witnessed by 100,000 companions of the Prophet. These 100,000 people included Abu Bakr, Omar, Uthmaan, Ali, and the rest. While other Hadiths were witnessed by only a few people, this one famous Hadith was witnessed by all the Muslims. It is the Prophet's Hadith of the famous "Khutbat Al-Wadaa'" (The Farewell Sermon). We have three different "authentic" versions of this famous Hadith.

[1] According to the Muwatta', one of the most respected sources of authentic Hadith, the Prophet said at Khutbat Al-Wadaa':

I am leaving for you two things that you must uphold strongly; the Quran and my Sunnah.

[2] According to Muslim (44/4, No. 2408), a very respected source of Hadith, and Ibn Hanbal (4/366), even more respected, the Prophet said at Khutbat Al-Wadaa. as witnessed by 100,000 companions:

I am leaving for you two things that you must uphold strongly; the Quran and my family.

[3] According to Muslim (15/19, No. 1218) and Ibn Majah (25/84, #3074), very very respected sources, what the Prophet really said was:

I am leaving for you the Quran—only the Quran. You shall uphold it strongly.

There you have it. Now, what did the Prophet really say? The Quran, the whole Quran, and nothing but the Quran.

Edip Yuksel's Discovery:

Profound Mathematical Phenomenon Proves that Sura 1 is the Key to Establish Contact With Our Creator During Salat

Adam received from his Lord words, whereby He redeemed him. He is the Redeemer, Most Merciful. 2:37

God has designed and revealed specific "words" whereby Adam made contact with God and was thus redeemed. Adam had to utter those divinely designed words in order to attain salvation.

Similarly, our Lord has given us specific words whereby we can establish contact with Him five times a day. Only through this contact can we be redeemed back to God's grace.

Evidence has been forthcoming during the last few years that Sura 1, Al-Faatehah, is the only Quran that should be recited during Salat. This report of Edip Yuksel's new discovery provides further evidence.

[1] The Physical Structure of Sura 1

Al-Faatehah is the first sura in the Quran, No. 1, and it consists of 7 verses. If we write down the sura number (1), followed by the number of every verse in the sura, next to one another, we get

11234567

This number is a multiple of 19—it conforms with the Quran's mathematical code.

[2] The Literary Composition

Instead of the number of each verse that we see in the digits shown above, let us write down the number of letters in each verse. The following table shows the number of letters in each verse of Al-Faatehah.

Verse No.	Number of Letters
1	19
2	17
3	12
4	11
5	19
6	18
7	43

The long number resulting from writing down the sura number, followed by the number of letters in every verse is also a multiple of 19. Thus, every letter in Al-Faatehah is mathematically composed in accordance with a divine design

that conforms with the Quran's miraculous code. This long number looks like this:

119171211191843

The Number of Units (Rak'aas) of the 5 Contact Prayers (Salat)

The number of units (Rak'aas) in each Contact Prayer has been the same since the time of Abraham (21:73, 22:78). It is universally recognized that the morning, noon, afternoon, sunset, and night contact prayers consist of 2, 4, 4, 3, and 4 units, respectively.

By following the same system described above, we put these five numbers, in the sequence, next to one another. The resulting number is

24434

and it is a multiple of 19.
